

### Who are Playscheme?

We are a family-run company with an exceptional reputation, spanning over 25 years and known for creating inspiring and bespoke play areas.

We are one of the UK's few true bespoke specialists, with a vast experience of designing, manufacturing and installing custom made environments that stand out from the crowd.

All of our made to measure products are manufactured at our Elvington workshop, just outside York.

# **Steve Danby**Managing Director

I am the biggest kid in the company and absolutely love doing what I do. I have been fortunate to run a family firm with my Mum and Dad for over 25 years and am blessed to employ and work with an amazing team of people. Originally trained as a carpenter and to this day, you will find me building and carefully selecting the perfect timbers to make your design more unique.

#### John Danby Director

Starting in the Theatre, building sets to running my own taxi firm, I have plenty of stories to share! My most successful story to date is starting Playscheme with my son over 25 years ago, beginning from my shed at home. Over the years we have expanded into the company we are today. I pride myself on looking after our clients offering expert advice on transforming play spaces to exciting, bespoke areas.

## Carol Danby Finance Director

I play an integral part behind the scenes at Playscheme managing our accounts and growing the team. Being the "Mum" of the team, I like to look after everyone, making sure we have company outings and Tuesday treats. I'm a keen gardener and make sure our office plants are watered and looked after.

### Angie Forster Resource Director

What started out as helping a friend, Steve, out for a couple months ended up with me not leaving and becoming part of the Playscheme family. I ensure all the serious things are in check and that all team members are happy and supported. I am a cycle enthusiast and cycle to work most days, even in the wind and rain! Call me crazy but I love it!

### WILLOWS ACTIVITY FARM

What started off as a flat field was transformed using natural materials to create an exciting tiered, splash zone.

The interactive push buttons activate the ground sprays at different levels, filling the splash pools with water ready to cascade through the weirs and down the various cobbled streams and waterfalls. To top it all off, the sail shades are perfect for keeping the children cool on those hot summer days!

Lyssa Elster CEO, Willows Activity Farm

a delightful dig...

### JCB YOUNG DRIVERS ZONE

We have created the UK's largest JCB Young Drivers Zone, giving children an exciting opportunity to drive around in bright yellow, pedal powered mini diggers. They can enjoy the huge JCB slide and the scaffold themed climbing frame and use their imagination on other unique, interactive play elements.

The JCB young drivers zone is an amazing themed play experience for children up to the age of 12.

ROBINIA ADVENTURE TOWERS

We're all big kids at Playscheme, and we can't begin to tell you how

excited we get when we have the opportunity to design and install fairy towers and castles!

These towers look like something straight from a fairy tale and captures the hearts and imaginations of children and adults alike!

on the farm...

### OVER FARM, GLOUCESTER

As recognised members of the National Farm Attractions Network, we relished the opportunity to introduce a world of farm-themed fun to this popular visitor attraction. It's got a big thumbs-up from children of all ages.

Given a blank canvas - aka a muddy field - offered us the perfect opportunity to really go to town with our bespoke adventure play area design.

"The Barnyard play and mini golf installation has exceeded our expectations, and we couldn't be happier with the results. Thank you for your hard work, creativity and dedication to making our farm a fun and enjoyable place for everyone who visits."

Rees Keane Day Maker & CEO

the power of play, a phone call away...

If you're interested in working on a project with us or want some advice about enhancing your play space, get in touch and we will arrange a play-date.
